Hyderabad, Telangana-State , 502110 (Open to Relocation)

OBJECTIVE

Aspiring Full Stack Developer with a strong foundation in both Front-end and Back-end technologies, seeking opportunities to apply and expand my skills. Committed to continuous learning and contributing to collaborative development environments.

VOLUNTEER EXPERIENCE   May - 2023 - Present

My role as a Volunteer Teaching Assistant at NxtWave CCBP intensive's Full Stack Web Development program has been invaluable in preparing me for a future in the development. I've deepened my technical proficiency in web development , including HTML, CSS, JavaScript React , Python , and Node.js. This solid technical foundation is crucial for my future software development career.

Additionally, I've honed my problem-solving skills through code reviews and debugging code, which are essential abilities in the software industry. Teaching and mentoring have also improved my communication skills, enabling me to effectively convey complex technical information to diverse audiences. This experience will undoubtedly benefit me in future roles requiring clear communication with team members, clients, and stakeholders.
